BLACK MOTH (UK)

An unearthly concoction of 60s garage rock, head-spinning psychedelia and '1991-The-Year-Punk-Broke' grit, Black Moth rose from the Leeds underground scene, taking their trash culture fixations and their love for Stooges squalor and Sabbath sulphur to create an onslaught of monumental riff sorcery and serpentine grace. On their new album 'Anatomical Venus', they sound bigger and badder than ever!
